<p>4. Property , Plant and Equipment</p>										
<p>(i) Capitalization of Asset</p> <p>The Capital WIP of Rs 241605 lakhs as on 31st March, 2024 include Capital WIP ledgers having credit balances amounting to Rs. 9672 lakhs which has not been reconciled. Due to non-availability of proper and complete records relating to date of capitalization of PPE and Work completion reports, we have come across instances of delay in capitalization where assets of the company are being capitalized from the date they are being posted in SAP instead of actual date of capitalization as mentioned in capitalization certificate of respective asset, which is not in accordance with IND AS- 16 "Property plant and equipment". Also, as stated in Note No.4A, which gives the aging of capital WIP, details of ongoing projects and suspended projects is not provided to us for verification. Further, detailed working with breakup of ageing of different projects is not available with the company.</p>	<p>The same has been noted and necessary instruction has been issued to field offices regarding posting of assets in SAP on the date mentioned in the capitalization certificate of respective assets.</p> <p>The matter has been referred to our IT department (EITC) to reconcile the credit balance in CWIP. However, overall CWIP is having a debit balance. The credit balance appearing in some GL code may be due to migration effect. The company is under process to resolve the same.</p> <p>Further, due to large number of ongoing projects, it could not be possible to provide the same with ageing. However, all the</p>									

	information related to CWIP is available and properly maintained in SAP.
(ii) Capital Spares: As per the provision of IND AS 16 "Property Plant and Equipment", capital spares having life more than 1 year are required to be capitalized under Property Plant and equipment. Attention is drawn to Note 10 "Inventories under Current Assets amounting to Rs. 22994 lakhs which may also include capital spares.	Due to the nature and work of the company, there are no specific capital spares included in inventories which are qualified to be capitalized under Property, Plant and Equipment.
(iii) Borrowing Costs: Company does not have a practice of specifically identifying expenses attributable to CWIP/PPE. For the addition made to Fixed assets in the current year amounting to Rs.95709 lakhs, interest amounting Rs. 1107 lakhs has been capitalized during the year. As per the working of interest capitalization, no amount of interest has been transferred to the respective assets which have been capitalized during the year from the head capital WIP instead interest relating to only those assets has been capitalized which are being shown under the head work in progress at the end of the financial year. This has resulted in understatement of capital work in progress and overstatement of expenses to that extent.	Due to large number of small estimates it is very difficult to correlate the loan taken with various estimates. However, the company is under process to resolve the issue so that interest can be capitalized at estimate level itself i.e. at the time of booking of initial expenditure.
(iv) Derecognition of Assets: Company does not have a practice of derecognizing the assets from Property Plant and Equipment's when an asset is discarded. Attention is invited to Note 10 "Inventories" under Current Assets amounting to Rs. 22994 Lakhs which includes scrap and unserviceable material amounting to Rs. 742 lakhs. These items are discarded Property Plant and Equipment's items for which no derecognition of asset has been done. In the absence of sufficient and appropriate audit evidences, we are unable to quantify the consequential impact, if any, on the financial statement for the year under audit.	The company derecognizes Property plant and equipment on case to case basis. The audit observation regarding unserviceable material is linked with store items that had already been used for R&M works rather than Property plant and equipment. Hence, there is no financial impact on the profit and loss account of the company.
(vii) Amortization of grants received for Property Plant and Equipments: Company has a practice of amortizing the grants received for purchase of PPE by transferring the proportionate depreciation on such PPE Asset to the respective grant account. Further, in respect to PPE created with support from consumer contribution received by the company, the company is amortizing 40% of depreciation amount on such assets on annual basis to the respective grant account. which amounted to amortization of Rs 1209.08 Lakhs in FY 23-24. However, the company has failed to provide any supporting document including any board	The remark of the auditor is noted for future compliance, and necessary disclosure shall be made in the notes to accounts from next year.

<p>note or policy document to justify the rate of 40% adopted for amortization of assets created from consumer grants. Thus, in absence of documentary evidence we are unable to comment on the appropriateness and accuracy of amortization of consumer grant amounting to Rs 1209.08 Lakhs.</p>	
<p>5. Impairment of Assets: The Company has stated in Para of 'Significant Accounting Policies' (Note 2.9.2 to Financial Statements) that the impairment loss is charged to Statement of Profit and loss in the year in which an asset is identified as impaired as per Ind AS 36. The company has formed a committee to assess the impairment loss incurred if any, the committee is in the process of collecting information from the various field offices, for which various asset wise formats have been circulated to the field office for providing information.</p>	<p>The auditor's comments represent the factual position. The company had constituted a committee to assess the impairment loss incurred, if any. Further the committee is in the process of collecting information from various field offices. Report from committee on impairment of assets, if any, is awaited.</p>
<p>6. Leases: Due to non-availability of proper and complete records relating to title deeds of freehold land/ leasehold land, we are unable to comment on the classification and measurement of freehold and lease hold land required as per IND AS 116 as appearing in Note no 4 of the financial statements. Company is not having accounting policy for leases as required in accordance with IND AS 116.</p>	<p>The leasehold land appearing in Financials of the company was received by erstwhile CSEB at the time of its formation from MPEB and later on by CSPDCL through reorganization of erstwhile CSEB. Company is trying to gather the relevant documents. Further, there is no such lease transaction entered into during the year under consideration.</p>
<p>7. Contingent Liabilities: Based on the legal cases filed against the company as appearing on various public portals, we cannot ascertain the completeness of the contingent liabilities in relation to legal cases as provided by the company in the Note no 30 of the financial statements.</p>	<p>The company has obtained details of contingent liability from its various offices and accordingly incorporated details in Financial statements along with their updated status. The company has made available all the records to the auditors in this regard. However, we cannot present the cases appearing in various public portals without confirming merit of the same with other departments.</p>
<p>8. Contingent Asset:</p>	<p>The remark of the auditor is noted for future compliance.</p>

<p>As per the provisions of IND AS 37 disclosure of contingent assets is to be made in the financials of the Company. However, company has not disclosed the amount of contingent assets for the legal cases filed by the company.</p>	
<p>9. Power Purchase expenses:</p> <p>Attention is invited to Note no 23 related to Cost of Power Purchase amounting to Rs. 19,76,588.11 Lakhs. Company enters into long term power purchase agreement (PPA) with different parties which is regulated by Central/ State Electricity Regulatory Commission. True up of rates of power generators is done by the Central/ State Electricity Regulatory Commission after end of the financial year. The differential amount pertaining to earlier years are recognized in the year in which the final tariff order is passed and only upon receipt of power bill from the generators. Based on the documents and explanations provided to us, company does not have an adequate & sufficient internal controls or evidence to confirm that all tariff orders passed by the Central/ State Electricity Regulatory Commission up to the finalization of the audit even in absence of any power bills, debit/credit note from the generators, have been fully accounted for in the financial statement. However, on our test check basis, we have not come across any tariff order wherein the accounting effect of True-up is yet to be recognized.</p>	<p>The company had provided all the relevant information relating to order passed by central & states regulatory commission which were available at the time of audit. Necessary care was also taken by obtaining the information's in this regard from the department dealing with power purchase agreement.</p>
<p>10. Revenue Recognition:</p> <p>(i) Cash system of accounting for Surcharge: Company has adopted Cash System of accounting for delay payment surcharge from Indian Railways, Rental from Staff Quarters, Liquidated Damages and Warranty Claims, supervision charges on deposit works, which, in our opinion, is not in accordance with the accrual concept and the accounting policy of the company; the same should be recognized to curb the uncertainty.</p> <p>(ii) No Reconciliation of Revenue as per books & GST Returns filed have been provided to us.</p> <p>for your verification, Refer Para 19 of this report for details.</p>	<p>(i) The company has been consistently accounting for delay payment surcharge from Indian Railways on cash basis. As the amount of surcharge to be collected from Indian Railway is under dispute and the chances of collection is remote, therefore, the same is being accounted for on cash basis. Further accounting for surcharge on mercantile basis would inflate the profit or reduce the losses, whereas the chance of materializing is very remote. It is also pertinent to mention here that appropriate disclosure in accounting policies is being made in this regard.</p> <p>(ii) The reconciliation is under progress and GST Audit has been</p>

	completed till FY 2020-21 at the time of audit.									
<p>10. Bank reconciliation statements:</p> <p>Bank reconciliation statements provided to us consists of various long pending entries which are pending to be cleared which also includes credit balance of 5128 Lakhs in GL A/c No. A100308 named "ATM.ATP.INT" which is a collection account. No proper explanation was given to us by the management of the Company in regard to such long pending entries. In the absence of sufficient and appropriate audit evidences, we are unable to quantify the consequential impact, if any, on the financial statement for the year under audit.</p>	<p>The company is in the process of reconciling the balances of banks of the mentioned RAO's. Further the position has improved significantly during the financial year 2023-24 and except some collection banks accounts reconciliation backlogs of all RAO's has been cleared. Further, the reconciliation of ATM. ATP account is also under process and is likely to be resolved soon.</p>									
<p>11. Trade Receivables:</p> <p>(i) There are various non-moving ledgers classified under trade receivables for which no explanations are provided to us by the management. Details of such ledgers is as follows:</p> <table border="1"> <thead> <tr> <th>A/c Ledger or EP Code</th> <th>Amount in Rs. crores</th> <th>Remark</th> </tr> </thead> <tbody> <tr> <td>"CSPDCL HT for Rectification" (BP No. – 1024240)</td> <td>43421 Lakhs</td> <td>Pending since 2017</td> </tr> <tr> <td>Dues Perm Disc Cons (GL Code A100212)</td> <td>10639 Lakhs</td> <td>Pending since 2013</td> </tr> </tbody> </table>	A/c Ledger or EP Code	Amount in Rs. crores	Remark	"CSPDCL HT for Rectification" (BP No. – 1024240)	43421 Lakhs	Pending since 2017	Dues Perm Disc Cons (GL Code A100212)	10639 Lakhs	Pending since 2013	<p>(i) The data regarding income are migrated from Billing Module to FICO module of the ERP software (SAP) and no entry relating to income which are to be routed through the billing module can be made directly in the FICO module. Therefore, for reversal of surcharge of Railway consumer required to be made in the FICO module, a dummy B.P. was created by IT department (EITC) as a solution in which the amount of surcharge of Railway consumer to be reversed were booked.</p> <p>The BP Number mentioned in the remarks is created to pass reversal entry of surcharge of railway consumers (based on accounting policy). Due to SAP constraint, the reversal cannot be directly posted to regular BP number of the Railway's.</p>
A/c Ledger or EP Code	Amount in Rs. crores	Remark								
"CSPDCL HT for Rectification" (BP No. – 1024240)	43421 Lakhs	Pending since 2017								
Dues Perm Disc Cons (GL Code A100212)	10639 Lakhs	Pending since 2013								

	<p>Further, company is trying to resolve the issue of A100212 code of SAP which is arrived at the time of migration of old server to new server.</p> <p>(ii) Ind AS 109 requires expected credit losses to be measured through a loss allowance for which the company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. The company recognizes lifetime expected loss for all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to the lifetime expected credit losses if credit risk on financial assets has increased significantly since initial recognition. However, the company has not adopted the Fair Value approach as indicated in Ind AS 109 for valuation of Trade Receivables and has not provided any fair value disclosures as required. Further, in Note No. 11 the aging of Trade Receivable has been given for which no detail working has been provided to us how the age of Trade Receivable has been determined. Further in above point we have highlighted that there are various parties in Trade Receivable which is pending for Realization since very long time but there is Rs. 55572 Lakhs reported in Note No. 11 for the Trade Receivable pending for realization for more than 3years.</p>
<p>12. Inventories:</p> <p>As per Ind AS 2, the cost of inventories may not be recoverable if those inventories are damaged, or have become wholly or partially obsolete. The practice of writing inventories down below cost to net realizable value is consistent with the view that assets should not be carried in excess of amounts expected to be realized from their sale or use. However, the company had not valued the items appearing in 'Defective and Empties' Account at fair value.</p>	<p>The Valuation of the Inventories has been made at lower of the Cost or Net Realizable Value, based on technical analysis, the company ascertained that the book value of defective and empties are lower than its realizable value and hence as per the accounting standards, the inventories had been valued to its book value which is lower of "Cost or NRV". From the above, the company is compliant to the IND AS issued for valuation of Inventories.</p>

13. Fixed Deposits:

Attention is invited towards Note no 7 "Other Financial Assets" amounting to Rs. 14647.45 lakhs which includes ledger "Inv. In FD Bank -Co" (GL Code- A090108) amounting to Rs. 64 Lakhs for which no document has been produced before us. Therefore, we are unable to comment on classification in Current or non-current Assets.

The Amount shown in Codes A109000 & A109099 has been transferred in the server of CSPDCL at the time of migration, details of which are not available. Further, reconciliation of other GL code is under process and same will be resolved at the earliest.

The FDR of Rs. 0.05 crore is very old and received at the time of reorganization of erstwhile CSEB and details of which is not available. The company will give appropriate treatment of the same in the accounts of FY 24-25.

14. Renewable Energy Certificate (REC)

Due to non-compliance of RPO (Renewable Power Obligations) target, the company is obliged to purchase REC Certificate. However, the company has not purchased the REC Certificate nor created the provision for purchase of REC Certificate. (Tariff rate of last year has been taken for calculation of provision, last year tariff rate has been taken because management has not provided the tariff rate of F.Y. 2023-24), details of which are given below:

Type of Sources	Total Consumption (LV, HV and EHV Sales) (MU)	RPO Target	RPO Achievement	Difference (In MU)	Rate (Rs./REC)	Amount (Rs in Lakhs)		
Wind	3167.8.66	1.60%	506.86	1.84%	583.47	-76.61	0.27	-206.847
HPO		0.66%	209.08	1.34%	423.72	-214.64	0.27	-579.528
Other RPO (Biomass + Solar + Small		24.81%	7,859.47	14.63%	4,635.55	3223.92	0.27	8704.584

The company has already provided Rs. 628.81 crore in its books of accounts till 31.03.2023 which is in higher side based on current prevailing rate estimation. Hence no additional provision is made in FY 2023-24. The company is facing financial hardship and there is also shortage of renewable power in the State. Further, the company has also filed application for grant of relief from purchase of RE Certificates at various forum as it would block the working capital of the company. However, to adhere with the accounting concept of accrual & materiality provision had been made in the books of accounts of earlier years.

Para No. 4.3 of Chhattisgarh State Electricity Regulatory Commission (Renewable Purchase obligation and REC

Hydel + Co-gen + Rooftop Solar)									framework implementation) Regulations, 2021 dated 29th Oct, 2021 effective from 01st April, 2021 states the minimum percentages of Renewable Purchase Obligation (RPO) in each category to be procured by obligated entity as percentage of total consumption. For FY 2021- 22 for solar this has been prescribed as 10.50% and 10.68% for non-solar. Provided that RPO levels for the year 2022-23 & 2023-24 shall be as specified or MOP/MNRE trajectory to be specified, whichever is higher. Provided further that the power purchases under the long term power purchase agreements (PPA) for the purchase of renewable energy sources already entered into by the distribution licensees shall be continued till their present validity, even if the total purchases under such agreements exceeds the percentage as specified herein above and any such excess purchase by distribution licensees will be adjusted to meet its obligation for previous years or for next year. Looking into the business of the company and long term PPA, CSPDCL is expected to achieve the target in upcoming years, hence no provision for RPO has been made in the FY 2023-24.

<p>15. Identification of Micro Small and Medium Enterprises as defined under MSMED Act 2006.</p> <p>As informed the company has system for identification of enterprises qualifying under the definition of Micro, Small and Medium Enterprises as defined under Micro, Small and Medium Enterprises Development Act, 2006 (MSMED). However, the same has not been implemented successfully; hence leading to non-identification of vendor enterprises in to Micro or Small or Medium Enterprises. Furthermore, no additional disclosure related to trade receivables, loans & trade payables as required by IND AS Schedule III has been made in the Financial Statements of the Company.</p>	<p>The amount payable to Micro, Small and Medium enterprises as defined under MSMED Act, 2006 has been separately mentioned in the notes to account and disclosure has been made in this regard.</p> <p>So far as disclosure related to trade receivables, loans & trade payables as per IND AS Schedule III is concerned, the same is noted for future compliance.</p>
<p>16. Deemed Deposits under Companies Act, 2013</p> <p>As per the information provided to us, the company has not maintained age wise details (ageing schedule) of advances received from customers amounting to Rs. 362697 Lakhs as per Note 18 to the financial statements. Thus, we are unable to comment on Deemed Deposits as per Sec 73 to 76 of Companies Act, 2013.(Advances received, if not supplied within 365 days is considered as deemed deposits).</p>	<p>Deemed deposits as per section 73-76 is applicable only for sub clause (a) & (c) of clause XII of Rule 2 of Companies (Acceptance of Deposits) Rule, 2014. The sub clause (c) does not require age wise details of security deposit. The sub clause (a) requires age wise details of advances for more than one year. The same will be provided from FY 24-25 onwards.</p>
<p>17. Internal Audit</p> <p>As per section 138 of companies Act 2013 read with Rule 13(1)(a) of Companies (Accounts) Rules, 2014, every prescribed company is required to appoint an Internal auditor. Although the company has appointed an Internal Auditor, the Internal Audit Report for the Financial Year 2023-24 is not produced before us for our consideration.</p>	<p>1. M/s Mukund Shiva & associates, 2. M/s Vinod Kumar Gupta & Associates, 3. M/s Arindam & Associates & 4. M/s Omprakash S. Chaplote & Co. have been appointed as Internal Auditor for FY 23-24. Major portion of audit i.e. revenue audit, power purchase audit etc. has been completed and the related finding has been submitted by the internal auditors and has been shown to the statutory auditors during the course of audit. However, the final summary Internal Audit report was yet to be submitted by the Internal Auditors at the</p>

	time of audit of accounts. Hence, it could not be furnished.												
<p>18. GST</p> <p>(i) Reconciliation of GSTR-3B filed for FY 2023-24 with the books of accounts was not provided to us. In the absence of sufficient and appropriate audit evidences, we are unable to quantify the consequential impact on GST liability being under booked or overbooked in books of accounts, if any, on the financial statement for the year under audit.</p> <p>(ii) Details of GST TDS to be deducted by company and reconciliation of same with books of Accounts was not provided to us. In the absence of sufficient and appropriate audit evidences, we are unable to quantify the consequential impact, if any, on the financial statement for the year under audit.</p>	<p>i) The reconciliation is under process.</p> <p>ii) The details are available in SAP as well as at RAO Level.</p>												
<p>19. Compliance of Previous Audit reports</p> <p>Except for para (a), c(ix), j, k, n, o & t of Basis for Qualified Opinion in last year's audit report, compliances of previous audit report have not been produced before us for our verification and observation, furthermore rectification entries relating to earlier years are still not passed through SAP.</p>	<p>With regard to the compliance of previous audit report, the company as far as possible has complied the para's (wherever found necessary) and are working on to resolve the balance para of previous audit reports.</p> <p>Further, rectification entry is being passed in SAP.</p>												
<p>20. Suspense Accounts:</p> <p>There are three suspense accounts having non-moving balances maintained by the Company for which no explanation has been provided by the management. The effect of all three accounts has been reflected in Financial Statement under the head "Other Current Liabilities". Details of which are as follows: -</p> <table border="1" data-bbox="134 1460 1028 1632"> <thead> <tr> <th>GL-Code</th> <th>Name of Account</th> <th>Amount</th> </tr> </thead> <tbody> <tr> <td>L114030</td> <td>Suspense Loading H.T</td> <td>59 Lakhs</td> </tr> <tr> <td>L119999</td> <td>Suspense Account</td> <td>125 Lakhs</td> </tr> <tr> <td>L119997</td> <td>Imprest Suspense Account</td> <td>4 Lakhs</td> </tr> </tbody> </table> <p>All the above mentioned accounts need to be Reconciled and the resultant impact should be given in the concerned account heads.</p>	GL-Code	Name of Account	Amount	L114030	Suspense Loading H.T	59 Lakhs	L119999	Suspense Account	125 Lakhs	L119997	Imprest Suspense Account	4 Lakhs	<p>It was explained to the auditor during the course of finalization that there were many untraceable/ unidentifiable items which were passed on by the previous legacy system at the time of bifurcation of CSEB and MPEB and later at the time of bifurcation of CSEB into different Power Companies, which is shown under the various suspense head in the current SAP system. The appropriate accounting treatment will be made in coming years after due scrutiny.</p>

L114030	Suspense Loading H.T	59 Lakhs											
L119999	Suspense Account	125 Lakhs											
L119997	Imprest Suspense Account	4 Lakhs											
<p>21. Trade Payable:</p>	<p>The GR/IR Clearing account is nothing but an intermediary</p>												

<p>Ageing of Trade Payable provided In Note No.20 as per requirements of revised Sch-III, also includes "GR/IR Clearing account" amounting to Rs. 201043 Lakhs for which no detail working or reconciliation with books of accounts has been provided to us.</p>	<p>account and due to the decentralized offices and work allocation, GR/IR account comes into existence. It is part of Trade Payables and represent the entries for which invoice passing (MIRO) has not been run in ERP software (SAP) till 31st March'2024. Since the account is an intermediary account it is not always possible to bring it to Nil. Further, looking into the nature of the above account, the same has been classified under Trade Payables. Moreover, major amount is related with Power Purchase Vendors and list of which has already been provided to the auditor during the course of audit.</p>
<p>22. Other Current Assets:</p> <p>(i) Other Current Assets include Debit balance of Service tax amounting to Rs. 720 Lakhs and VAT amounting to Rs. 41 Lakhs has been netted off with other payables. Further, no documents have been provided to us establishing recovery of these balances.</p> <p>(ii) Debit balance in other payables amounting to Rs. 441.67Lakhs have been netted off instead of disclosing the same as advances resulting in understatement of Current Assets and current liabilities.</p>	<p>Old outstanding entries, the company is under process to resolve the same.</p> <p>Due to pending reconciliation and advance adjustment, the debit balances have been netted.</p>
<p>23. Upload Control A/C</p> <p>During the course of audit, it was observed that various upload control account was found which has to be reconciled and nullified but the same has been not done and there is huge balances is still outstanding from long time.</p> <p>Detail of some accounts are as below: -</p>	<p>The Amount shown in Codes A109000 & A109099 has been transferred in the server of CSPDCL at the time of migration, details of which are not available. Annexure A to the Auditors' Report

PARA NO. I: In respect of the Company's Property, Plant and Equipment and Intangible Assets

(a) The Company has maintained records of Property, Plant and Equipment. However, voucher no., supplier name, quantitative and situation wise details are not maintained in the fixed assets register. The Company has maintained records of Intangible Assets. However, voucher no., supplier name, quantitative and situation wise details are not maintained in the fixed assets register

(a) The fixed assets register is being maintained at H.O. on the basis of information available in the SAP system. Due to limitation of the system and voluminous number of components in a asset, quantitative details are not available in the register maintained at H.O. However, quantitative details are maintained at respective division and sub division offices.

(b) The management has explained that physical verification of fixed assets is a perpetual process undertaken at divisional and sub-divisional level. As the relevant records of the physical verification were not produced before us for our review, we are not in a position to comment thereon.

(b) Due to time constraint information from field offices was not received at the time of audit. However, the same shall be taken care of in future.

(c) The company possesses land received from MPSEB wherein records were not handed over, for re-organization of erstwhile MPSEB due to non-traceability; hence we are not in a position to comment thereon.

(c) The auditor's statement represents the factual position and doesn't require any comment.

(d) The Company has not revalued any of its Property, Plant and Equipment (including right- of- use assets) and intangible assets during the year.

(d) The auditor's statement represents the factual position and doesn't require any comment.

communicated to our IT department (EITC) for resolution. The same is likely to be resolved soon.

<p>(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made there under.</p>	<p>(e) The auditor's statement represents the factual position and doesn't require any comment.</p>																								
<p>PARA NO. II- In respect of its inventories:</p> <p>a) As per information and explanation given to us, physical verification of inventory is a perpetual process undertaken at stores. We have received the physical verification reports for the stores as listed below:-</p>	<p>The auditor's statement represents the factual position and doesn't require any comment. The detail records of physical verification are maintained at store offices. Due to time constraint all physical verification reports were not received at the time of audit. However, the same shall be taken care of in future.</p>

MANAGEMENT REPLY
TO
COMMENTS OF COMPTROLLER AND AUDITOR GENERAL OF INDIA (CAG)
FOR THE F.Y. 2023-24

S. No.	POS No.	PARTICULARS	REPLY OF THE MANAGEMENT
1	OBS- 16758 81	<p>Statement of Profit and Loss</p> <p>IV. Expenses</p> <p>(a) Cost of power purchase (Note 20): ₹ 19,765 crore</p> <p>The above does not include adjusted amount of (minus) ₹34.35 crore for the financial year 2022-23 which was not accounted for in the previous year's books but was incorrectly booked in financial year 2023-24. As per IND AS 8 it should have been corrected retrospectively in the previous year's financial statements. This has resulted in understatement of Power Purchase Cost and consequent overstatement of Profit to the extent of 34.35 crore' for the current year (2023-24).</p>	<p>The Monthly Invoice issued by Chhattisgarh State Power Generation Company Limited (CSPGCL) includes Fuel Cost Adjustment (FCA) and SLDC Short Term Open Access (SOC) and Medium Term Open Access (MOC) of Previous months. The Company creates liability against Cost of Power Purchase as per Monthly invoices raised by CSPGCL. The above treatment is in accordance with the principles of MYT regulations.</p>
2	OBS- 1678161	<p>Statement of Profit and Loss</p> <p>I. Revenue from operation (Note 21)</p> <p>(a) Revenue from rendering of services</p> <p>(i) Industrial power: High Tension - ₹ 10,089 crore</p> <p>(iii) LT consumer including Industrial Medium & Low voltage: ₹ 9,688 crore</p> <p>The above include amount of 72.57 crore (138.722 crore for March 2024 not accounted for in current year-211.29 crore for March 2023 accounted for in current year) towards Fuel and Power Purchase Adjustment Surcharge (FPPAS) billed to the HT and LT consumers of CSPDCL. This has resulted in overstatement of Revenue from Operation to the extent of 72.57</p>	<p>Apart from the provisions of Company Act, 2013, electricity companies are also governed by the provisions of Electricity Act, 2003. Further clause 93 of MYT regulation ,2021 provides for determination and charging of FCA by CSPGCL on CSPDCL and also recovery of the same by CSPDCL from the consumers. Accordingly the recovery of FCA is made by CSPDCL from the consumers in the Financial year in which the same is billed by CSPGCL..</p>

		crore and overstatement of profit by the same extent.	
3	OBS-164925 5	<p>Balance Sheet</p> <p>Equity and Liabilities</p> <p>Current Liabilities</p> <p>Other Current Liabilities (Note 18) ₹ 325.93 crore</p> <p>As per CSERC regulations, CSPDCL was required to pay Annual License Fee (ALF) of 7.81 crore for FY 2022-23, based on approved revenue of ₹ 19,541.35 crore. However, CSPDCL paid only Rs. 5.98 crore, resulting in an underpayment of Rs.1.83 crore. This amount should have been included in Other Current Liability as for the financial year 2023-24. The non-inclusion has resulted in an understatement of Other Current Liability and an overstatement of Profit by 1.83 crore.</p>	<p>The company is liable to pre deposit annual license fees by 30th April on approved/estimated revenue basis. Later on, on the basis of ARR approved under final tariff order, the differential amount of fees is calculated and deposited along with the estimated license fees of the succeeding financial year and also, accounted for in the books of same year i.e. succeeding FY. Further it is pertinent to mention here that the payment of Annual License Fee is made on the basis of Total Revenue from sale of power excluding revenue from the sale of Surplus Power. Accordingly, in the instant case, as company paid the differential amount of Rs. 1.34 crores for FY 2022-23 in Sep 2024, the same has been booked in the accounts for FY 2024-25. (Total Revenue from sale Rs.19541.35 Cr – Revenue from Sale of Surplus Power Rs.1247.91 Cr which comes to Rs.18293.44 Cr , Annual License fee Rs 7.32 Cr – Rs.5.98 Cr = Rs.1.34Cr) Thus, at present, the company follows the policy of booking annual license fees on cash basis. The same shall be disclosed in the notes to accounts from next financial year.</p>
4.	OBS-16495 14	<p>(b) Provisions (Note 17) – ₹ 908.54 crore</p> <p>The above does not include 1.77 crore towards payment of Dearness Allowance (DA) arrears of the month of February 2024 paid with the salary of April 2024. As this expense is related to financial year 2023-24 paid in the year 2024-25. hence provision for "payable of DA arrears" should have been made in the Financial Statements. This has resulted in understatement of Current Liabilities and overstatement of Profit to the extent of 1.77 crore</p>	<p>The company has inadvertently missed to make the provision of Dearness allowance (DA) arrears for the month of February 2024 amounting Rs. 1.77 Crore which was paid with the salary of April 2024 and the same has been booked in the accounts of the Company for current financial year i.e. FY 2024-25.</p>

5	OBS-165843	<p>(a) Financial Liabilities (ii)Trade Payable (Note 20)</p> <p>(b) Creditor other than micro enterprises and small enterprises: ₹ 6620.27 crore</p> <p>This does not include ₹ 15.40 crore payable to Chhattisgarh State Power Generation Company Limited (CSPGCL) as on 31 March 2024 towards Fuel & Other Expenses, SLDC SOC and SLDC MOC demanded in the month of April 2024 and May 2024. This has resulted in understatement of Trade Payable and understatement of Power Purchase Cost and consequent overstatement of Profit to the extent of 15.40 crore.</p>	<p>Clause 11 of MYT regulation, 2021 bifurcates the cost into controllable and un-controllable factors. One of the components of un-controllable factor is fuel price. Clause 15 of the regulation states that</p> <p><i>"All tariff orders passed under this regulation shall be in force till issue of next tariff order. No tariff or part of any tariff may be ordinarily amended, more frequently than once in any Financial year, except adjustment on account of fuel cost and power ' purchase based on VCA formula approved by the Commission."</i></p> <p>Also clause 45.11 of the MYT Regulation, 2021 provides that the bi-monthly increase in the primary fuel cost shall be recovered as per the Fuel Cost Adjustment. Accordingly the fuel cost and other charges which were billed by CSPGCL in the month of April 2024 & May 2024 were considered in the accounts of FY 2024-25 by CPDCL.</p>
6	OBS-165899	<p>(b) Creditor other than micro enterprises and small enterprises: ₹ 6620.27 crore</p> <p>This does not include Rs.50.36 crore payable to NTPC Limited towards power purchase from Solapur Super Thermal Power Station for the period from 01 April 2019 to 31 March 2024 as per the Central Electricity Regulatory Commission Order dated 02 August 2024. This amount should have been provided for the Financial Statements. Non provision of the same has resulted in the understatement of Trade Payables and Power Purchase Cost amounting to Rs. 50.36 crore.</p>	<p>Apart from the provisions of Companies Act, 2013 CPDCL is also governed by the provisions of Electricity Act, 2003 and the rules made there under. The tariff of electricity Generation, Transmission and Distribution companies is determined as per Terms & Conditions for determination of tariff according to Multi Year Tariff principles and Methodology and Procedure Regulation, 2021 framed by CSERC. The tariff of the Generation, Transmission and Distribution company for any control period is predetermined on the basis of principles laid down in the MYT regulations.</p> <p>MYT regulation clause 11 defines Un-controllable factors as factors which are beyond the control of the applicant and could not be mitigated by the applicant and Judicial pronouncement by any authority is</p>

		<p>one of such factors. Clause 93 of the MYT Regulation 2021, permits the distribution licensee to recover the power purchase adjustment surcharge. It is to pertinent mention here that the order of the Central Electricity Regulatory Commission was passed on 02nd August 2024 and was for the period from 01st Oct 2019 to 31st March 2024. It is also pertinent to mention here that tariff once passed for any control period can not be amended and no additional amount can be recovered from the consumer except as mentioned in clause 93 of the MYT Regulation.</p> <p>As mentioned by the Audit, if the differential Power Purchase cost amounting to Rs.50.36 Crore had been included in the power purchase cost of FY 2023-24 would have given an unfair and exaggerated loss for FY 2023-24 and would have not given a true and fair picture of state of affairs of the company for the FY 2023-24 as the amount mentioned in the order covers more than one financial year and restating the financial of all the previous years would neither be rational nor feasible. Further the company has initiated the recovery of additional cost of power purchase in line with the principle laid down in the MYT Regulation from the billing month of Oct 2024 (Copy of the letter sent to the Regulatory Commission in this regard is enclosed as Annexure- and the same shall be reflecting in the revenue of succeeding financial year i.e. 2024-25. Thus if expense had been provided for in FY 2023-24, as pointed out by audit the cost and revenue of the additional power purchase would have impacted two financial years in a contradictory manner i.e. exaggerated loss in FY 2023-24 & exaggerated profit in the FY 2024-25. Therefore in order to align with</p>
--	--	---

			the cost and revenue related to additional cost resulting due to judicial pronouncement made in FY 2024-25 the additional power purchase is recorded in FY 2024-25 viz when the revenue related with above cost started accruing.
7.		<p>This does not include Rs. 1.75 crore payable to various suppliers towards price variation bills for the materials supplied on or before 31 March 2024 and the bill raised for payment on or before 31 March 2024. Accordingly, suitable provisions should have been made in the Financial Statements for the year 2023-24. Non provision of same has resulted in understatement of Trade Payable and Inventories to the extent Rs. 1.75 crore.</p>	<p>In this regards it is to state that the company has already provided for and made payment of Rs 3.45 Crore in FY 2023-24 therefore no provision is required to the above extent. Further Rs.0.02 Crore is related to penalty deducted form the vendor account which also does not require any provision as the same is income for the company. Thus there is short provision of only Rs. 1.75 Crore which has been recorded and paid during the FY 2024-25.</p>
8.	OBS-165894	<p>Assets III. Non Current Assets (d) (iii) Non current trade receivable (Note 11) - ₹ 420.0crore</p> <p>This does not include Rs. 12.16 crore receivable from the Government of Chhattisgarh towards the state taxes and state share against the DDUGJY and RGGVY Scheme. As per scheme guidelines state tax and 10 per cent of approved closure cost is to be borne by the State Government i.e. Government of Chhattisgarh.</p> <p>This has resulted in understatement of Trade Receivable and Other Equity to the extent of ₹12.16 crore.</p>	<p>After completion of various projects under RGGVY Scheme & DDUGJY Scheme as per guidelines a compiled eligible State Share has already been prepared and claimed from the State Government.</p>
9.	OBS-167586	<p>Notes to Accounts Note no. 30: Contingent Liability Reference is invited to clause 20.14 under contingent liability wherein it is stated that the Company had known outstanding liability of Rs. 6.23 crore towards short deductions of TDS. However, company has provided for only 2.84 crore as on 31.03.2024 and made</p>	<p>The company through online system of Income Tax Department has retrieved that an amount of Re. 622 Lacs (P.V. Re. 555 Lacs) is outstanding against TDS liability (Short Deduction/ Short Payment). The company has already provided Rs. 284 Lacs till 31st March 2024. Further, the company is in process of obtaining necessary information of such distinguished cases</p>

		<p>short provision by Rs. 3.39 crore for the year 2023-24. This has resulted in understatement of provision by Rs. 3.39 crore and overstatement of profit to the same extent.</p>	<p>from its decentralized offices and Income Tax Department and balance liability (if any) will be provided after due appraisal on case to case basis.</p>
10.	OBS-164810	<p>Notes to the financial statements</p> <p>Central Electricity Authority under the Ministry of Power, Government of India issued (02 June 2017) guidelines for calculation of the AT&C loss, so that there is no variation in the calculation of AT&C loss by the different organisation. The method of calculation is appended to the circular in the form Table 1. The circular further provided that the calculation of AT&C loss in the format given in the table should form part of the Annual Accounts of all the utilities selling power directly to the consumers as Notes to the Accounts or Annexure.</p> <p>However, the Company has not disclosed the AT&C loss and its calculation in the Financial Statements. Therefore, the Notes to the Financial Statements for the year ended 31 March 2024 are deficient to that extent.</p>	<p>The Audit remark has been noted for future compliance. Further the Electricity Distribution (Accounts and Additional Disclosure) Rules,2024 applicable from FY 2024-25 makes it mandatory for distribution utility to calculate and disclose AT&C loss as part of notes to the financial statement and shall be incorporated accordingly in the notes to accounts from FY 2024-25.</p>
11	OBS-165897	<p>Above does not include ₹1502.31 crore payable to NTPC Limited for power purchase from Lara Super Thermal Power Station for the period from 01 October 2019 to 31 March 2024 as per the Central Electricity Regulatory Commission Order dated 02 August 2024. The order was appealed by CSPDCL in APTEL in October 2024. The same should have been included under Contingent Liability.</p>	<p>Apart from the provisions of Companies Act,2013 CSPDCL is also governed by the provisions of Electricity Act,2003 and the rules made there under. The tariff of electricity Generation, Transmission and Distribution companies are determined as per Terms & Conditions for determination of tariff according to Multi Year Tariff principles and Methodology and Procedure Regulation, 2021 framed by CSERC. Clause 93 of the MYT Regulation 2021, permits the distribution licensee to recover the power purchase adjustment surcharge. It is to be mentioned here that the order of the Central Electricity Regulatory Commission was passed on 02nd August 2024 and was for the period from 01st Oct 2019 to 31st March 2024. It is also pertinent to mention here that tariff once passed for any control period cannot be amended and no additional amount can be recovered from the consumer except as mentioned in clause 93 of the MYT Regulation.</p> <p>However audit's comment for inclusion of liability under contingent liability pending finalization of appeal before APTEL is noted.</p>
